To Whom It May Concern:

This is a letter of recommendation for Miss Anna Przybylski based on my professional experience of working with her for the past seven weeks as her cooperating teacher. Miss Przybylski arrived each day prepared for the day. If there was something she needed to take care of before the students arrived, Miss Przybylski came in even earlier to take care of the tasks. Miss Przybylski continually demonstrated a high work ethic.

Miss Przybylski established a positive rapport with the students from the beginning. Students came to Miss Przybylski for extra help when needed and were not afraid to ask questions as the lesson progressed. The students felt comfortable and she did not intimidate them in any way.

Miss Przybylski established that the class and school rules were going to be continued early on. She had no major discipline issues at all while at Northeast Middle School. She was consistent with the policies and the students knew exactly what to expect. Miss Przybylski talked to students individually at different times instead of embarrassing anyone during class. This proved to be very effective. This is very important since Miss Przybylski taught a high number of Learning Support Students.

Miss Przybylski was very knowledgeable of the content being taught. This was also evident when planning the lessons. Miss Przybylski was able to show the students different ways to solve the same problem. She also had as part of her lessons how the topic at hand was related to their everyday life.

Miss Przybylski also displayed knowledge of the technology used in the classroom. She used the Promethean Board, calculators, graphing calculators and computer. Miss Przybylski incorporated technology into her lesson in order to maintain the students' interest.

I recommend Miss Anna Przybylski for a secondary teaching position in mathematics at any level. During the seven weeks she spent at Northeast Middle School, she displayed nothing but a high level of professionalism.

If I can be of any assistance, please do not hesitate to call me at 610-371-5772.

Sincerely,
